**Wisdom's House Briefmail: Building Men who build with Wisdom.**

**Wisdom's House One – Ethan, David, and Bryan . . . like three men in a furnace of the fire of love.**

Ethan, David, and Bryan's reflections on the goals of Wisdom's House One:

*"We are being trained to lead our own house."*

*" . . . becoming mature, godly men who know how to relate like men with God, our selves, and others."*

*" . . . in an intentional, pastored environment where young men can learn what it means to be a man, be a Christian, and lead a household."*

*" . . . training to build Church by families, households, with relational integrity in day to day living."*

**These words are like a shoot** coming out of the ground that reflect revelation from decades of many caring people - seeking and living as if Jesus' desire for His Body is the only thing that matters. We were greatly encouraged, and look forward to beginning other Wisdom's Houses soon, both for men and women. Jesus said, *"Everyone then who hears these words of mine and does them will be like a wise man who built his house on the rock."* Matthew 7:24

**But there is much, much work to do.** Please hear the sincerity of my voice in my writing when I say that we are in the midst of a rising tide of evil mind-sets latent in the next generation; destructive actions and activities will soon sweep over us in too many ways to list. Based in our self-centered, individualistic culture we will soon (and even now can) see the result of our negligence. From gender confusion and gross perversion stemming from a flood of licentious images literally on every side, to idolatry in the form of academic, athletic, and materialistic pursuits, it is time to repent and bear fruit in keeping with repentance.

In his book **"Boys Adrift"**, Leonard Sax, M.D., Ph.D. "sets out five factors driving the growing epidemic of (what he calls) unmotivated boys and underachieving young men; video games, teaching methods, prescription drugs, environmental toxins, and the devaluation of masculinity." This is the kind of statistical data and research that continues to mount, all continuing to confirm our experience in the trenches and multiple dreams from the Lord. It is clear, the Church must join with Wisdom and Cry Out - repenting out of self-centered Christianity and into the love that builds the House of God with Wisdom. The Family of God as a community of families is the goal, but the strategy must start with one young man or woman, one youth, and one child at a time.

**Within the ministry of Wisdom's House**, and through any church that desires our help, we are giving ourselves to the Lord, His People, and the next generation. In doing so, we give the next generation a chance to live in God as His People, united in love. At Holy Trinity Fellowship, the desire to reflect the communion of God; three in one, one in three is ultimately the goal. The House of God answering the prayer of Christ, "Father I pray that they would be one as you and I are one . . ." John 17:21.
